INITIAL SYSTEM PROPOSAL

SYSTEM KADA Cooperative System

Group Name: CO-T

Members:

1. Nurul Ika Syafiny Binti Azhar (Leader)
2. Nuraisyah Binti Mohd Zikre
3. Harini A/P Sangaran
4. Damiya Aina Binti Basir Abd Shammad

Stakeholder: Koperasi Lembaga Kemajuan Pertanian
Kemubu (KADA)

Representative Name	Date Interviewed
Mr Ahmad Rohalian	14th May 2024
Ms Norzamani Ismail	14th May 2024

PROPOSED SYSTEM BACKGROUND

1. Introduction

Due to the advancement of technology and expansion of an organization, Koperasi KADA recognizes the necessity of the advanced and decided to optimize the process and enhance member satisfaction. Currently, Koperasi KADA is faced with difficulties arising from manual and disjointed processes that cause inefficiencies, inconsistent data, and delayed services. These problems make it more difficult to provide the members timely assistance and benefits, which reduces member engagement and satisfaction levels overall. The recommendation is putting in place an innovative membership and loan management system that will automate and combine all relevant procedures in order to solve these issues. A centralized platform with member registration, loan application processing and payment tracking would be provided by the proposed system. All member and loan-related data will be accurate, easily accessible, and secure because of this integration. The approach will allow the team to concentrate on more strategic activities like financial planning and member engagement by automating repetitive administrative processes.

2. The Existing System

The current Lembaga Koperasi KADA majorly works manually in case of public services such as member registration and loan application. This company does have a system, but it is not available to the public and only accessible for the staff by using the company computers. However, we grasp how things are done by the company which will be explained in this section.

Firstly, we learned that all the data is only accessible to the staff of Koperasi KADA, this means that the members and applicator cannot check their details directly. They have to contact the office to be able to get information about their membership and loan details if any. We also found that this cooperation services are only open for the members of KADA that registered as Koperasi members. This means that the corporation involved only a small circle of people.

Next, Koperasi KADA provides registration for membership and loans for their members. The system that is currently used by this cooperation is manual registration and application using physical form. The members who wish to apply for Koperasi

membership and loan have to take the physical application forms from the office and fill in manually before sending them back to the office. For those who applied for a loan, if it is their first time applying, they need to pay a share fee which is RM300. Then, the clerk will manually upload customers' details in the KADA system that is only accessible to them before all the forms are reviewed in the monthly meeting. The ALK (Ahli Lembaga Koperasi) is in charge of validating all the application forms that are sent in the current month in their monthly meeting. In this meeting, they will validate one by one of all the applications for the month.

From the meeting done with KADA, we also gain information about the share fees, RM55 that Koperasi members have to pay every month. The minimum share fees that members can pay for is RM35. If the member has an unpaid loan, this will include the loan monthly payment. These fees will be paid each month automatically by salary cut. Transaction invoice will be generated in a certain duration.

The main problem of the current system available is that it is not available to the public, making it hard for the KADA members to get their details on transactions made or loan balance without needing to go to their office. It will be much easier if there is a system made so that all the members, staff and even ALK can reach the data they need remotely and fast without having to go back and forth to the office.

Features	Current System	Proposed System
Online form for member registration	Not available	Available
Online form for loan application	Not available	Available
Check loan balance	Not available	Available
Check current share	Not available	Available
Check application approval	Not available	Available

Table 1: Comparison of existing systems and proposed system

3. The Proposed System

The proposed system is an initiative to easen the registration process for membership and loan application for users and also to reduce the workload of the staff. We've created a prototype using Figma to show KADA how the proposed system will

look like and how users can access the system. The sample interfaces are attached below with detailed description.

Figure 1: Login page of proposed system

Figure 1 shows the login page that appears when users click on the proposed system. The system offers options for new users, existing members, staff and Ahli Lembaga Koperasi (ALK). Users can click on the particular field that is relevant to them and login into the system by entering their user ID and password.

Figure 2: Password renewal page

Figure 2 shows the password renewal page that appears when users click on 'Lupa kata laluan?' button. Users can key in their user ID and enter their new password to renew their password. Once the users submit by clicking on the 'Daftar Kata Laluan' button, the page diverts back to the login page as in Figure 2.

Figure 3: Homepage for non-members of Koperasi Kada

Figure 3 shows the homepage for non-members of Koperasi Kada whereby they can register to be a member and check their membership application system. A navigation bar is also displayed which shows the name and ID of the staff and shows an option of 'LogOut' if the users want to log out of the system.

Borang Permohonan Menjadi Anggota

1 Maklumat Pemohon

Nama : Jantina : Lelaki / Perempuan
 No. K/P : Agama : Islam / Kristian / Hindu / Buddha / Lain-lain
 Taraf Perkahwinan : Bujang / Berkahwin
 Alamat Rumah :
 Poskod :
 Negeri : Kelantan / Terengganu / Pahang / Selangor / Kuala Lumpur / Putrajaya / Johor / Melaka / Negeri Sembilan / Kedah / Perlis / Pulau Pinang / Sabah / Sarawak
 No. Anggota :
 No. PF :
 Jawatan & Grad :

2 Maklumat Keluarga & Pewaris

Maklumat Keluarga / Pewaris Pertama:

4 Yuran

No.	Porkara	RM	Lengkap
1.	Yuran Masuk		☐
2.	Modal Syer		☐
3.	Modal Yuran		☐
4.	Wang Deposit Anggota		☐
5.	Sumbangan Tabung Kebajikan (Al-Abrar)		☐
6.	Simoanan Tetap		☐

Hantar Permohonan

☐ Saya dengan ini berjanji bahawa semua maklumat berikut adalah benar dan pihak KOPERASI KAKITANGAN KADA KELANTAN BHD boleh mengambil tindakan jika didapati maklumat adalah palsu.

Permohonan Berjaya

Permohonan anda telah BERJAYA dihantar. Sebarang info tentang kelulusan permohonan akan dimaklumkan dari masa ke semasa.

Figure 4: Interface for membership application for non-members of Koperasi Kada

Figure 4 shows an interface with a membership application form for users to fill in to apply for membership of Koperasi KADA when the users click on the 'Daftar Ahli' button. Users will have to key in personal details and relevant documents for verification. Then, users are required to click on the fees that they are paying for. Once the users have filled up the form, they can submit the form by clicking on the 'Hantar Permohonan' button. A message of 'Permohonan Berjaya' will be displayed if the form has been submitted successfully. Users can go back to the home page by clicking on the 'Kembali ke Halaman Utama' button.

Figure 5: Interface for membership application status

Figure 5 shows the interface that appears when users click on the ‘Semak Permohonan’ button to check the membership application status. The system will display the user's member ID and password.

Figure 6: Homepage for members of Koperasi KADA

Once the member logs in to the system, Figure 6 will appear as the homepage, whereby the system displays the features in the system. Users can choose to apply for a loan, check their loan application status, savings, loan balance or loan statement.

4 Hantar Permohonan

☐ Saya dengan ini berjanji bahawa semua maklumat berikut adalah benar dan pihak KOPERASI KAKITANGAN KADA KELANTAN BHD boleh mengambil tindakan jika disapati maklumat adalah palsu

Permohonan Berjaya

Permohonan anda telah BERJAYA dihantar. Sebarang info tentang kelulusan permohonan akan dimaklumkan dari masa ke masa

Figure 7: Interface for loan application for members of Koperasi KADA

If the member clicks on 'Mohon Pinjaman' option which is to apply for a loan, Figure 11 will be the next interface, whereby the system displays the form for loan application. Members are required to key in the loan type and details and their personal information. Then, members are required to upload verification documents. Once the members are done filling up the form, they have to click on the 'Hantar Permohonan' button to submit the form. Once the form is submitted, an interface of 'Permohonan Berjaya' will be displayed to show the successful form submission.

Figure 8: Interface for loan application status

Figure 12 shows the interface that appears when members click on the ‘Semak Kelulusan Pinjaman’ button which is to check the loan application status. A message of ‘Permohonan Anda Berjaya!’ alongside the member and bank details will be displayed if the loan application is approved.

Bulan	Wang Masuk	No. Rujukan
Mei 2024	RM 55.00	P12024051856
April 2024	RM 55.00	P12024042556
Mac 2024	RM 55.00	P12024031256
Februari 2024	RM 55.00	P12024021556
Januari 2024	RM 55.00	P12024011956
Disember 2023	RM 55.00	P12023122056
November 2023	RM 55.00	P12023111756

Figure 9: Interface for Savings

Figure 13 will be displayed when members click on the ‘Semak Simpanan’ button which is to check their savings quantity. The total amount of savings will be displayed in green. In Figure 13, RM 12,500.00 is the member’s savings. The interface also displays the amount monthly deducted from the member’s salary to be added into the savings account. In this example, a total of RM 55.00 is deducted monthly.

Figure 10: Interface for Loan Balance

If the member clicks on 'Semak Pinjaman' option which is to check the loan balance, Figure 10 will be the next interface. The loan balance will be displayed in red. In this example, a balance of RM 50 is to be paid. The interface also displays the previous payment made by the member for each month together with the amount paid, reference number for the receipt and payment method. If the member clicks on 'No. Rujukan' which is the reference number for the receipt, the official payment receipt will be displayed with the loan balance, amount paid for the month, payment method and current loan balance.

Penyata Kewangan

Bulan	Bayaran	Sejarah pembayaran
Jun 2024	RM 900.00	slip_pembayaran_jun2024
Mei 2024	RM 900.00	slip_pembayaran_mai2024
April 2024	RM 900.00	slip_pembayaran_april2024
Mac 2024	RM 900.00	slip_pembayaran_mac2024
Februari 2024	RM 900.00	slip_pembayaran_feb2024
Januari 2024	RM 900.00	slip_pembayaran_jan2024
Disember 2023	RM 900.00	slip_pembayaran_dis2023
November 2023	RM 900.00	slip_pembayaran_nov2023

Figure 11: Interface for Loan Statement

If the member clicks on 'Semak Penyata' option which is to check the loan statement, Figure 11 will be the next interface. Figure 11 displays the amount paid for the certain month and has the receipt hyperlinked at 'Sejarah Pembayaran' which means payment history. Members can also download their loan statement by clicking on 'Muat turun penyata kewangan' button which translates to download loan statement.

Figure 12: Homepage for staff of Koperasi KADA

Figure 12 shows the homepage for staff where staff can choose to check members' list, members with loan list, list of users who applied for membership and list of members applied for loan.

Figure 13: Interface for members' list

Figure 13 shows the list of members of Koperasi KADA when the 'Senarai Ahli' button is clicked. Staff can download the list of members by clicking on the 'Muat turun senarai ahli' button. Once the download is successful, a message of 'Berjaya dimuat turun' will be displayed.

Figure 14: Interface for members with loan list

Figure 14 shows the list of members of Koperasi KADA with loans when the 'Senarai Peminjam' button is clicked. Staff can download the list of members by clicking on the 'Muat turun senarai peminjam' button. Once the download is successful, a message of 'Berjaya dimuat turun' will be displayed.

Figure 15: Interface for list of users who applied for membership

Figure 15 shows the list of users applied for membership with their name, ID number, verification documents and verification documents approval status. To validate the documents, staff have to click on the status of the verification documents approval for each applicant. An interface with the current status of the approval will be

displayed. Staff can either choose to validate or not validate the documents after checking them. Staff have to click on ‘Kemas kini’ button to update the documentation validity. Once the status is updated, a message of ‘Berjaya dikemas kini’ will be displayed.

Figure 16: Interface for list of members who applied for loan

Figure 16 shows the list of members applied for loan with their name, ID number, verification documents and verification documents approval status. To validate the documents, staff have to click on the status of the verification documents approval for each applicant. An interface with the current status of approval will be displayed. Staff can either choose to validate or not validate the documents after checking them. Staff have to click on ‘Kemas kini’ button to update the documentation validity. Once the status is updated, a message of ‘Berjaya dikemas kini’ will be displayed.

Figure 17: Homepage for ALK of Koperasi KADA

Figure 17 shows the homepage for ALK where ALK can choose to check membership application list and loan application list.

Figure 18: Interface for membership application list

Figure 18 shows the list of applicants who applied for Koperasi KADA membership. ALK can view the list of applicants with valid verification documents. Therefore, ALK can cross check the documents and validify the application if the application fits the requirements.

Figure 19: Interface for loan application list

Figure 19 shows the list of members who applied for the Koperasi KADA loan. ALK can view the list of members with valid verification documents. Therefore, ALK can cross check the documents and validify the application if the application fits the requirements.

Figure 20: Interface for logout page

When users click on the 'Log Out' option on the navigation bar, Figure 20 will be displayed as the logout page. The system confirms the user logout session by

displaying relevant messages and provides an option to log in back into the system by clicking on 'Daftar masuk' button.

Overall, the proposed system comes in handy for the users to not only apply for membership and loan, but also to check loan balance and loan statements. Not only that, Koperasi KADA staff do not have to manually key in the details of the users one-by-one if the proposed system is implemented. The proposed system also enables users to use the system out of office hours, therefore, there is no time constraint for the users. Below is the use case diagram for our proposed system.

Figure 21: Use Case Diagram for KADA Corporation System

In order to develop this system, we will be using XAMPP, PHPMyAdmin to store our database. We will view the interface of the system using HTML language and store the functions using PHP language.

4. Glossary

XAMPP - Free, open-source software package that creates a local web server environment for testing and developing web applications.

PHP - Open source, widely-used scripting language geared toward web-development.

HTML - stands for Hypertext Markup Language, and it's a programming language used to create web pages.

KADA - Lembaga Kemajuan Pertanian Kemubu

ALK - Ahli Lembaga Koperasi, the director group of Koperasi KADA that in charge with approving all applications
